Education

University of Washington, Seattle	2016-2020

- **Batchelor of Arts,** *Linguistics*
- **Batchelor of Science,** *Speech and Hearing Science*

Certifications

CompTIA A+
CompTIA Network+
CompTIA Security+

Skills

Active Directory	Linux	Powershell
Django	POSIX Shell (bash/zsh)	Python
Docker	Postgres	Windows Server

Experience

OSU Speech and Hearing Clinic

Student Hearing Aid Technician   *2021-2022*

- Foo
- Bar
- Baz

Ikolith Recreations

Technical Contractor   *2022-2023*

- Wrote and managed utility scripts, mostly in Python and bash, to automate workflow tasks such as document formatting.
- Developed an automated pipeline to convert and compile Markdown documentation into Latex for publication.
- Created a program to partially simulate the evolution of a fictional language over time as a worldbuilding and writing aid

Boxwave

Applications Developer   *2023- February 2024*

- Wrote internal tools in Python and C Sharp to automatically fetch up-to-date vendor reports via Amazon's seller API, reducing the time required for daily administrative tasks by an order of magnitude.
- Maintained a Proxmox cluster for hosting various internal web services, and spearheaded the design, implementation, testing, and deployment of automation scripts.
- Acted as the primary technical liaison to management and effectively communicated complex technical concepts to stakeholders

Other Interests

Ancient languages (Latin, Attic Greek)	Ancient languages (Lisp, C89, Ada)
Constructed Languages	Distance running, cycling
